"If you have an unlimited broadband package at home a 'Smart' TV is a must. Watching BBC iPlayer easily with no fuss or cables is brilliant!"

Dan - TED Norwich

Televisions 22" to 47"

Televisions and TV technology has never been better. Today's mid-range sets offer better features at best ever pricing. Bezels and stands are slimmer, pictures are far superior and (increasingly important) modern TV's can use just a quarter of the power of a ten year old set.

Just a selection - call, or visit **get-ted.co.uk** for other models

Introducing **Business**

Rental

Whether you require seventy televisions for a hotel, a complete new in-house laundry or just a fridge for your staff room, TED can help

"Every time a new range arrives the game changes. 4K Ultra HD is the new big thing so I really fancy the curved 55" Smart Samsung TV next."

James - TED Norwich

Giant Screen TV & Home Theatre

Ultra HD (4k) is the ultimate picture quality and now curved sets from all the leading manufacturers are getting popular. OLED – organic light emitting diodes technology has just arrived, each pixel produces its own light so blacks are truly black.

Just a selection - call, or visit **get-ted.co.uk** for other models

Ultra HD-4K

ULTRA HD TV presents a whole new level of picture quality producing the brightest, clearest images.

4x Resolution four times higher than Full HD

8.3 Megapixel screen for immersive detail

Incredibly vivid and crisp, even when viewed from close distances. Ultra HD TV is the future of TV viewing and brings the cinema experience home.

"We sell thousands of laptops and big manufacturers make us exclusive models to our spec. Check out the Toshiba L50-B21-F – that'd be my choice…"

Sam - TED Norwich

Laptops and Tablet Computers

Horses for courses really, a laptop is the most efficient tool for extended word processing, graphics, storage or spreadsheets. A tablet is by far the easiest to set up and use if you only need to mail and browse the web - plus it's good for youngsters or technophobes.

Just a selection - call, or visit **get-ted.co.uk** for other models

Wearable Technology

with Jawbone UP24

UP is a revolutionary system that guides you every step of the way to a better, healthier you.

First, the UP system gets to know you—tracking your activity, diet and sleep. Next, it shows you how to make simple adjustments that, over time, add up to an all-new you.

"Just like a professional laundry, the new top Miele washers measure and dispense their own detergent – one less menial task to worry about!"

Rob - TED Peterborough

Washers and Tumble Dryers

Although the physical action of a washer or dryer hasn't changed much over the years, the quality and efficiency of a cycle has. Washers now boast up to A+++ energy levels and some detergents are designed to be fully effective at low temperatures. Reason to upgrade.

Just a selection - call, or visit **get-ted.co.uk** for other models

"We've just added LEC branded heavy duty fridges to the range, ideal for businesses wanting a stout unit that doesn't cost much more than domestic"

Matt - TED Peterborough

Dishwashing and Refrigeration

Freestanding or built-in, domestic, heavy duty and fully commercial. Moving up the dishwasher range gets you additional features (more programme choices and temperatures) plus more efficient operation, but the biggest benefit to a busy house or office is a quieter operation.

Just a selection - call, or visit **get-ted.co.uk** for other models

Commercial Refrigeration

Selecting a commercial refrigerator for your business will ensure a machine that's fit for purpose.

- Maintains correct temperature despite repeated use
- Commercial warranty
- Wide range of sizes

"I've just had a tour of the Numatic factory in Somerset. Did you know they are 100% UK made? The tubes are from Wales and the motors are from Scotland – we sell thousands"

Paul - TED Manager

Vacuums and Cooking

We sell thousands of vacuums every year and are dealers for all the big brands. This year sees a surge in steam cleaners in this sector and the high tech remote vacuums that busily clean when you are not there before parking themselves to recharge.

Heidi - TED Commercial

Commercial Vacs and Appliances

It's important to use suitable products for the task in hand and using domestic products in a commercial scenario can be a false economy at best. The larger outlay of a heavy duty machine buys a product designed to work hard for longer and with a suitable warranty.

Commercial laundry products will need commissioning to validate the 12 month warranty.

Just a selection - call, or visit **get-ted.co.uk** for other models

Laundry Trolleys and Housekeeping Systems

Sturdy and well priced laundry trolleys in a range of sizes and colours. Providing the housekeeping fraternity with a wide choice and variety of service units that meet the needs of the vast majority of applications without compromise.
